

## UCW Repository Licence Agreement for Items to be Archived Only

This grant of license constitutes permission to deposit, archive and preserve, and make this submission and future submissions of scholarly work, course work, or institutional documents ("the Submissions") available in the University Canada West ("the Institution") digital repository archive, currently UCW Repository, and in the British Columbia provincial digital repository network, currently Arca, or any successor repository designated by University Canada West.

The rights I (the author/s or creator/s) grant to University Canada West under this Agreement will last in perpetuity.

### 1. Licence Grant

By agreeing to the following Licence terms:

1. I (the author/s or creator/s) confirm the deposit of the Submissions in the Institution's digital repository archive for *internal use only*, the British Columbia digital repository network (Arca), or any successor repository designated by University Canada West ("the Repository"), or hereby grant to the Institution the right to deposit the Submissions into the Repository on my behalf; and

2. I (the author/s or creator/s) grant to the Institution a non-exclusive, worldwide, perpetual and royalty-free licence for the full term of copyright to internally reproduce, copy, store, archive, distribute, and transmit the Submissions in any form or medium, including, without limiting the generality of the foregoing, electronic, digital or analogous means now or hereafter known, through the Internet or any other telecommunication device or system through the University Canada West repository, the British Columbia provincial repository network (Arca), or any successor repository designated by University Canada West under the terms of this Licence and any re-use licence or terms that I may specify in the submission process.

### 2. Depositor Warranties

I (the author/s or creator/s) represent and warrant that:

1. I have the full power and authority to enter into this Agreement and are duly authorized by all rights holders in the Submissions to deposit or authorize the deposit of the Submissions and grant the Licence in this Agreement; and

2. the Submission is my original creation;

3. I own the copyright in the Submission, or have the explicit, written permission of the copyright holder to post the work in the Repository

4. if a Submission has been sponsored or supported by an agency or organization, I attest that I have the right to grant the rights contained in this licence and that I have fulfilled any right of review, completed a non-disclosure agreement, or adhered to any other obligations required by the agreement with such sponsor.

5. a Submission that contains copyright-protected material created by someone else has explicit, written permission from that third-party to include the work in the Repository.

6. I understand that Canadian Copyright law applies to my submissions; and

8. I agree that if I grant others copyright ownership or a licence it will be consistent with the rights I have granted under this licence. For example, if I wish to publish my Submission in a journal, I will inform the publisher of the rights I have granted under this Licence and not agree to terms that restrict those rights; and

9. the Submissions do not, to the best of my knowledge and belief, contain any libelous or other unlawful matter and do not violate anyone's right to privacy.

If, at any time hereafter, I learn that any of the foregoing statements are inaccurate, I will contact [wise@ucanwest.ca](mailto:wise@ucanwest.ca) immediately.

### 3. Institution Rights

I agree that the Institution:

1. may apply metadata elements or documentation to the Submissions, and any rights associated with such additional material shall be the intellectual property of the Institution; and

2. will exercise reasonable efforts to preserve the physical integrity of the Submissions, but shall incur no liability for loss or damage to the Submissions; and

3. retains the right to remove the Submissions from the Repository without prior notice for administrative, legal, or other reasons outlined in the [UCW Wise Policy](#). Upon such an occurrence the metadata record indicating storage of the Submissions in the Repository may remain internally visible in perpetuity.

4. The Institution will clearly identify my name(s) as the author(s) or owner(s) of my submissions, and will not make any alteration, other than as allowed by this license or with my prior permission, to my submissions.

#### 5. Terms of Access and Use by the Public

I agree that:

1. the Institution will make digital copies of the Submissions available in the Repository exclusively for UCW Wise administrators to view and copy for non-commercial purposes only, without prior permission or charge, provided that the Submissions are not altered in any way and are attributed to me as per Section 4.

#### 6. Release and Indemnification

I acknowledge that:

1. I have read and understood the University Canada West submission guidelines and that my Submissions comply with those guidelines.

2. I understand that the University Canada West submission guidelines may be amended from time to time and that the then current policies will apply to my Submissions.

3. The Institution will rely upon the representations and warrants that I have made in this licence and is not responsible for independently verifying their veracity.

4. I agree that I will not hold the Institution responsible for any use or misuse of my Submissions by third parties who access the work through the Repository. I agree to hold the Institution harmless against any loss, damage, claim, liability, settlement cost or expense (including legal fees) incurred by the Institution arising out of, or in connection with, the Institution's use of my Submissions pursuant to this Licence.
